Partners

Image Usage Policy

Media may download and use any of the images posted on our web site in the Awards of Excellence area but we would ask two things of anyone who wants to use these images:

1) Please fill in the following brief form and return it to us, so we can keep you up to date on green roof related media stories (please copy this part of the form and paste it into body of email to media@greenroofs.org or print and fax to the number at the bottom of the sheet):

- Information about publication/website/show:
- Capsule description:
- Estimated circulation:
- Editor contact info:
- Person requesting permission contact info:
- How the images will be used:
- When it will the images appear:
- Would you be interested in interviewing someone from Green Roofs for Healthy Cities?:

2) Please give credit to "Green Roofs for Healthy Cities (www.greenroofs.org)" and the company (or companies) that won the award (who are listed at the top of the project write-up). For example, to use an image of the Schwab Rehabilitation Hospital, you would credit it to "Green Roofs for Healthy Cities (www.greenroofs.org) and American Hydrotech, Inc."

In certain cases, additional credits will be required beyond the formula referred to above (where another company or artist has contributed to the winner's efforts). In these cases, the photo link will have a caption indicating any additional crediting information needed. E.g. photos on this page:

greenroofs.org/index.php?option=com_content&task=view&id=1033&Itemid=136

should, per the above, appear courtesy of: "Green Roofs for Healthy Cities (www.greenroofs.org), Hoerr Schaudt Landscape Architects, LLC and Scott Shigley".

Please feel free to contact Alex Johnston (ajohnston@greenroofs.org) with any questions regarding credit information.
